Electric Soldering Iron Tip - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3439-01-475-9719

Body Style:
Round
Tip Diameter:
0.8 millimeters
Overall Length:
9.9 millimeters
Tempurature Rating:
400.0 degrees celsius
End Application:
Used on metcal sp200 soldering system
Тір Туре:
Straight
Integral Heating Element:
Not included
Special Features:
30 degree chisel; general purpose for medium to heavy loads requiring extra length
Material:
Copper
Material:
Copper
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T166-q
