**Width:**

0.015 inches

**Thickness:**

0.001 inches

**Length:**

1200.000 inches

**End Application:**

Solder/welding applications

**Physical Form:**

Ribbon

**Special Features:**

Ribbon shall be annealed 205 nickel, gold plated, composition of gold shall be 99.99% ; gold plating thickness 100-120 micro in.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T166-b
