Diameter:

0.031 inches

Length:

44.000 inches

End Application:

Portable 2m kit

Physical Form:

Wire

Chemical Composition Percentage:

Alloy 63/37

Content Within Each Unit Package:

1 pound

Wire Core Type:

Rosin

Special Features:

Core size 68; flux by weight 3.30%

Supplementary Features:

285 rosin, mildly activated rosin core solder

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T166-c
