Overall Length:

8.000 inches

Overall Height:

7.000 inches

Overall Width:

6.000 inches

Handle Type:

Straight

Heating Element Type:

Tip

Special Features:

Input line voltage 216-264 vac; operating temperature 10/40 degrees c; output frequency 470 khz

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T166-k
