**Physical Form:**

Liquid

**Product Name:**

Rosin liquid flux

**Special Features:**

Used on circuit boards; 25 per cent solids; specific gravi type 0.848 plus or minus 0.005

**Supplementary Features:**

Self life 2 years at 55-70 degree f; flammable; rosin flux

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T166-s
