Voltage In Volts And Current Type:

115.0 ac

Product Name:

Thermojet with tip and tool stand

Special Features:

For sensa temp systems

Functional Description:

Provides installation of chip components, sots, soics, plccs, qfps

Type/model Designation:

Tj-70

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
