**Voltage In Volts And Current Type:**

115.0 ac

**Product Name:**

Thermojet with tip and tool stand

**Special Features:**

For sensa temp systems

**Functional Description:**

Provides installation of chip components, sots, soics, plccs, qfps

**Type/model Designation:**

Tj-70

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
