**End Application:**

Navy code 00032540

**Thermostatic Control:**

Included

**Product Name:**

St 25 system soldering station

**Special Features:**

Item has analog (dial) control; degrees c/f on dial display; temperature lockout

**Supplementary Features:**

Item weights 2.3 kg; tip to ground resistance is 2 ohms or less; temp stability is 1.2 degrees c at idle tip temp; tip temp range is 204 degrees c to 454 degrees c

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T166-j
