Pneumatic Tube Flaring Machine - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/3441-01-440-4109>

Overall Length:

27.000 inches

Overall Diameter:

Between 3.440 inches and 24.000 inches

Special Features:

Tripper block assembly 48-0478, carrying case 86-0133, elbow mandrel kit

Material:

Stainless steel

General Description:

Screw kit left hand feed 05-0195, meter mandrel 05-0178, dial indicator kit 05-0181, mandrel assembly mandrel 06-0319, mandrel assembly mandrel 06-0320, mandrel assembly mandrel 06-0321, mandrelassy 06-0311

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
