Pand Angle In Degr
Bend Angle In Deg:
90.0
Design Type:
Mechanical
Operation Method:
Hand
Maximum Material Diameter Accommodated:
0.375 inches
Product Name:
Tubing bender, 3/8 in. Od
Special Features:
Ncapacity: 0.188, 0.250, 0.313, and 0.375 od; application: bending copper, brass, thin wall tubing, steel, aluminum, soft wire and rod
from 10 degrees to 180 degrees for making accurate left, right and offset bends
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T337-k
