General Description:

400 hp; 460v; 60 hz; 3 phase; c/o center die table, 2 opposing yoke assemblies w/curving jaw assembly, 2 tension cylindres; rotation capability; oscillation capability; 90 degrees swing capability; horizontal to vertical jaw assembly; 144 in. Wd by 210 in. Lg cap.; max stretch size 144 in. Wd by 210 in. Lg; cnc control system; rqrd for sheet forming and draw forming of ferrous and non-ferrous alloy sheets into complex contoured shapes in aerospace mfg industry

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23900
