General Description:

Ctorsion type, mechanical powered, 0.080 in. To 0.207 in. Wire diameter range, 0.375 in. To 3.750 in. Od coil range, 0 in. To 75 in. Wire length per spring, 10 hp, ac, 220/440v, 60 hertz, 3 phase electric motor

Reference Number Differentiating Characteristics:

As differentiated by technical characteristics

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
