Pressure Rating:

90.0 pounds per square inch and 120.0 pounds per square inch

Special Features:

40, 000lb pressure, two 600w heaters, control unit, temp test meter, male and female dimpling die sets per m80251: p/n's at252dd-3, 4, 5, 7, 8 and 9; at252g-3 and 4; at254da-3, 4, 5, 6 and 8; at254db-8, 10 and 12; at254dc-3, 4 and 5; at254dd-2, 3, 4, 5, 7, 8, 9, 10 and 12; and at254g-3 and 4

Functional Description:

Hot or cold form sheet metal to accept ms20426 and high shear rivet, ms24694 screw, camloc, airlock and druz fasteners

Relationship To Similar Equipment:

Similar to 3448-00-559-1433 but complies to mil-d-8025 (canc)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
