## NSN 3455-00-277-6912

Tool Holder Cutter Bit - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3455-00-277-6912

Overall Length:	
2.500 inches	
Overall Width:	
0.375 inches	
Overall Thickness:	
0.375 inches	
Material Location:	
Tip	
Material Type For Which Designed:	
Nonferrous metal	
Body Finish And Location:	
Unfinished	
Cutting Edge Finish:	
Ground to shape	
Edge Type:	
Threading	
Special Features:	
-	
Cutting edge is 80 degrees nose	
Cutting edge is 80 degrees nose	
Cutting edge is 80 degrees nose  Material:	
Cutting edge is 80 degrees nose  Material:  Carbide	
Cutting edge is 80 degrees nose  Material: Carbide  Material:	
Cutting edge is 80 degrees nose  Material: Carbide  Material: Carbide	
Cutting edge is 80 degrees nose  Material: Carbide  Material: Carbide Shape:	
Cutting edge is 80 degrees nose  Material: Carbide  Material: Carbide  Shape: Square	
Cutting edge is 80 degrees nose  Material: Carbide  Material: Carbide  Shape: Square  Shelf Life:	
Cutting edge is 80 degrees nose  Material: Carbide  Material: Carbide  Shape: Square  Shelf Life: N/a	
Cutting edge is 80 degrees nose  Material: Carbide  Material: Carbide  Shape: Square  Shelf Life: N/a	
Cutting edge is 80 degrees nose  Material: Carbide  Material: Carbide  Shape: Square  Shelf Life: N/a  Unit Of Measure:	
Cutting edge is 80 degrees nose  Material: Carbide  Material: Carbide  Shape: Square  Shelf Life: N/a Unit Of Measure: Demilitarization:	
Cutting edge is 80 degrees nose  Material: Carbide  Material: Carbide  Shape: Square  Shelf Life: N/a Unit Of Measure: Demilitarization: No
