Mounting Hole Diameter:

0.251 inches

Overall Thickness:

0.250 inches

Function For Which Designed:

Threading

Mounting Method:

Plain hole

Features Provided:

Coated and all surfaces ground

Inscribed Circle Diameter:

0.625 inches

Angular Measurement And Type:

60.0 degrees relief

Special Features:

Irregular shape

Material:

Carbide

Material:

Carbide

Shape:

Triangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T171-I
