Overall Length:

0.546 inches

Overall Width:

0.546 inches

Overall Thickness:

0.125 inches

Function For Which Designed:

Milling

Mounting Method:

Clamp

Features Provided:

Coated and all surfaces ground and positive rake

Inscribed Circle Diameter:

0.375 inches

Angular Measurement And Type:

11.0 degrees bevel and 60.0 degrees included

Material:

Carbide

Material:

Carbide

Shape:

Triangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T171-I
