End Application:

19 f15e aircraft

Shank Type:

Straight

Reamer Type:

Shank

Flute Design:

Straight

Flute Type:

Integral

Criticality Code Justification:

Feat

Special Features:

Designed primarily for production applications in aluminum and mild steel. The process includes development of the starting hole, cold working the hole, and post-sizing of the hole to accommodate the required interference fastener or fastening device. Used on a variety of puller units for rework applications in the cold expansion process; standard tool diameter number 4-4-n
