Overall Thickness:

0.188 inches

Function For Which Designed:

Turning

Mounting Method:

Clamp

Features Provided:

Negative rake

Angular Measurement And Type:

80.0 degrees relief

Special Features:

Coated carbide turning tool

Material:

Carbide

Material:

Carbide

Shape:

Diamond

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T171-I
