Mounting Hole Diameter:

0.217 inches

Overall Width:

0.500 inches

Overall Thickness:

0.250 inches

Function For Which Designed:

Milling

Mounting Method:

Countersunk hole

Cutter Direction For Which Designed:

Right-hand

Inscribed Circle Diameter:

0.500 inches

Angular Measurement And Type:

45.0 degrees chamfer

Material:

Tungsten carbide

Material:

Tungsten carbide

Shape:

Parallelogram

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T171-I
