Mounting Hole Diameter:

0.202 inches

Overall Thickness:

0.125 inches

Function For Which Designed:

Milling and turning

Mounting Method:

Plain hole

Special Features:

Grade vn5; 5 deg. Positive chip control

Material:

Carbide

Material:

Carbide

Shape:

Diamond

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T171-l
