Overall Length:

0.313 inches

Overall Width:

0.375 inches

Overall Thickness:

0.188 inches

Function For Which Designed:

Milling

End Application:

C5 aircraft ramp

Mounting Method:

Plain hole

Cutter Direction For Which Designed:

Left-hand

Special Features:

Used for heavy duty applications; grade 301 for cutting 430 steel; used on cnc cutting operations

Material:

Carbide

Material:

Carbide

Shape:

Parallelogram

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T171-l
