Overall Thickness:

0.125 inches

End Application:

Lathe assembly tools x cutters, ddg 86 & follow

Mounting Method:

Clamp

Features Provided:

Coated

Inscribed Circle Diameter:

0.250 inches

Special Features:

Tin-coated grade c-5; radius: 0.0156in; ansi code: tpg-221

Material:

Carbide

Material:

Carbide

Shape:

Square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T171-I
