Overall Length:

0.375 inches

Overall Width:

0.158 inches

End Application:

Cutter and tool holder

Material Location:

Material Type For Which Designed:

Ferrous metal

Cutting Edge Finish:

Ground to shape

Features Provided:

Serrated

Product Name:

250 carbide blade

Special Features:

Carbide blade

Material:

Carbide

Shape:

Beveled

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T171-c
