Voltage In Volts And Current Type:

110.0 ac

Surface Treatment:

Chromium

General Description:

Low clearance split frame; 60 ft per minute cutting tool surface speed; air requirements: 35 fm at 80-100psi; hydraulic requirements: 8gpm at 1500 psi; starwheel feed; fixed 0.0026 per revolution feed rate; includes self-squaring mounting system, fitted storage case, and operating tools; 4.750 in. Od pipe

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
