Voltage In Volts And Current Type:
110.0 ac
Surface Treatment:
Chromium
General Description:
Low clearance split frame; 60 ft. Per minute cutting tool surface speed; air requirements: 35 cfm at 80-100 psi; hydraulic requirements: 8
gpm at 1500 psi; starwheel feed; fixed 0.0026 per revolution feed rate; includes self-squaring mounting system, fitted storage case, and
operating tools; 8.88 in. Od pipe
Shelf Life:
N/a

Unit Of Measure:

Demilitarization:

No
