Overall Length:

0.095 inches and 1.005 inches first style group

Main Bodylength:

0.0485 inches and 0.0505 inches first style group

End Application:

Heat exchanger

First End Taper Length:

0.125 inches first style group

First End Diameter:

0.0405 inches and 0.0425 inches first style group

Second End Diameter:

0.0415 inches first style group

Product Name:

Expander, tube

Material:

Steel

Style Designator:

Taper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T337-g
