Diameter:

0.375 inches

Accessory Components And Quantity:

Bars, boring 3, caps, end, 90 deg, 45 degrees and 60 degrees 6, cutterbits, hs 6, wrenches 3

Design Type:

Boring

Holder Type:

Straight

Spring Type Feature:

Not included

Cutter Tool Accommodated:

Boring bar

Cutting Tool Shape:

Round boring bar

Special Features:

Additional round boring bars are 0.500 in. And 0.750 in. Dia

Specification Or Standard:

6 type and 2 class and b style

Departure From Cited Designator:

As modified by accessory components and quantity

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T182-m
