Overall Length:

100.000 inches

Overall Height:

24.000 inches

Overall Width:

20.000 inches

Cubic Measure:

48000.000 cubic inches

End Application:

F-16 vert stab andwings

Voltage In Volts And Current Type:

440.0 ac

Product Name:

Milling machine-attach fittings

Special Features:

Cutter head dia. 12 in; travel 80 in; travel rate 15 in/min; air pressurewith hose and nozzle will be locally supplied for chip removal; lateral runout to porm 0.010 inches over the 80 inch travel

Functional Description:

Used to maching interchangeable interfaces for repair and replacement ofvertical stabilizer and both wings

Reference Data And Literature:

F33657-75-c-0310, serd 11133, used with serds 11129, 11130, 11302, 11101

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
