Hole Diameter:

0.375 inches

Overall Thickness:

0.062 inches

Usage Design:

Metal working

Abrasive Material:

Aluminum oxide

Sedimentation Grit Size Designator:

360

Wheel Diameter:

4.000 inches

Wheel Style:

Straight

Special Features:

Rpm 19, 000; item is reinforced for die grindeks, cutting and grinding; specification no a36

Color:

Red

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06900
