Overall Thickness:

0.500 inches

End Application:

Seawolf class submarine ssn23; rov/package & module cradle

Product Name:

Pad

Special Features:

Pad, sheet, plastic; export restricted, critical technology

Material:

Plastic

Shape:

Irregular

Supplementary Features:

Make from p/n21800455 (57280) delain comp-100af cond-annealed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T328-b
