Usage Design:

During depot recertification of the f112-wr-100 lube and scavenge pump the ram adapter p/n tl2892 will interface with arbor press ram and after compression will provide clearance to remove retaining ring so the pumping element stack can be removed from pump's housing

Operation Method:

Impact

Shape:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T294-m
