Overall Length:

2.500 inches

Diameter:

1.375 inches

Usage Design:

Used to compress p/n 5902201 spring washers while installing p/n 3417-137p retaining rings in p/n 742725 charge and inversion pump assemblies and p/n 742726 scavenge pump assemblies durdepot level maint of f-15e integrated drive generator

Operation Method:

Impact

Shape:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T294-m
