Operation Method:

Pneumatic

Usage Design:

Shipboard

Buck Quantity:

1

Buck Type:

Trouser top

Buck Length:

35.500 inches

Buck Width:

12.000 inches

Specification Or Standard:

1 type and b class

Reference Number Differentiating Characteristics:

As differentiated by the exclusion of electric timer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T155-e
