Overall Length:

12.000 inches

Overall Height:

8.000 inches

Overall Width:

7.000 inches

Voltage In Volts And Current Type:

110.0 ac

Product Name:

Sealing machine blood donor

Special Features:

For use in the sealing of blood-filled plastic tubing, forming a positive barrier against contamination; operates from a 110v, 50/60 hz outlet

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
