Sealing Method:

Heat

Feed Method:

Roll wheels

Product Name:

Continuous hand rotary sealer

Voltage In Volts:

115.0

Phase:

Single

Special Features:

Adjustable temperature 200-550 degrees f; indicator light when desired temperature is reached; weight 7 pounds

Frequency In Hertz:

50.0 or 60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
