**Sealing Method:**

Heat

**Feed Method:**

Roll wheels

**Product Name:**

Continuous hand rotary sealer

**Voltage In Volts:**

115.0

**Phase:**

Single

**Special Features:**

Adjustable temperature 200-550 degrees f; indicator light when desired temperature is reached; weight 7 pounds

**Frequency In Hertz:**

50.0 or 60.0

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
