Width:

53.000 inches

Depth:

31.500 inches

Installation Design:

Fixed

Camera Type:

Special purpose

Maximum Reduction Ratio:

3 to 1

Maximum Enlargement Ratio:

1 to 3.0

Lens Aperture Setting Range:

Any acceptable

Camera Mounting Type:

Stand and vertical column

Film Accommodation Type:

Cut film

Film Width:

16.000 inches

Focus Method:

Manual cable

Viewfinder Type:

Reflex

Lens Mounting Method:

Clamp ring variable

Film Length:

20.000 inches

Film Holder Type:

Vacuum back

Copy Board Type:

Spring back

Copy Board Maximum Width:

16.000 inches

Copy Board Maximum Length:

20.000 inches

Vacuum Pump Motor Voltage Rating:

120.0 alternating current

Vacuum Pump Motor Current Frequency In Hertz:

60.0

Vacuum Pump Motor Phase:

Single

Special Features:

28 amps

Height:

64.000 inches

Style Designator:

Vertical lithographic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A31400
