Ac Voltage Rating:

Between 220.0 volts and 240.0 volts

Frequency Rating:

Between 50.0 hertz and 60.0 hertz

Installation Design:

Floor

Operation Method:

Push button

Feed Type:

Roll

Processing Time:

2.0 per minute plate

Transfer Area Maximum Length:

432.0 millimeters

Transfer Area Maximum Width:

350.0 millimeters

Platelength:

Between 300.0 millimeters and 508.0 millimeters

Platewidth:

Between 229.0 millimeters and 404.0 millimeters

Current Rating For Which Designed:

Between 16.000 amperes and 20.000 amperes

Warm Up Time In Minutes:

110

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510f0
