

View Online at <https://aerobasegroup.com/nsn/3610-01-574-7531>

Special Features:

Thermal digital plate; write-the-background; medium run sheetfed, web offset and packaging applications; electrochemically grained and anodized aluminum substrate; 800-850nm spectral sensitivity; 59.5 in. Short grain width; 1-99 pct at 200 lpi resolution; 20 micron stochastic fm capability; t-hd plate processor recommended

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
