Product Name:

Press, molding, injection

General Description:

Power operated, horizontal, plunger type, hydraulic mold clamping, 200 tons pressure, 6 oz injection capacity, 80 lb hopper capacity, 30 hp, 220/440v, 60 hertz, 3 phase motor

Reference Number Differentiating Characteristics:

As differentiated by motor requirements

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
