Product Name:
Press, molding injection
General Description:
Power operated, horizontal, plunger type, hydraulic mechanical mold clamping, 225 tons pressure, 4 oz injection capacity, 40 lb hopper capacity.
15 hp, ac, 220v, 60 hertz, 3 phase motor
Reference Number Differentiating Characteristics:
As differentiated by technical characteristics
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
