Product Name:

Press, molding injection

General Description:

Power operated, horizontal, plunger type, hydraulic mechanical mold clamping, 225 tons pressure, 4 oz injection capacity, 40 lb hopper cap., 15 hp, ac, 220v, 60 hertz, 3 phase motor

Reference Number Differentiating Characteristics:

As differentiated by technical characteristics

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
