Product Name:

Press, moulding, compression

General Description:

Hydraulic, power operated, 50 ton capacity, elect heated platens 18 in. Lg by 18 in. W, four column frame, upaction, 220v 60 hz 3 phase

7200 w elect power

Reference Number Differentiating Characteristics:

As differentiated by the item elect requirements

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
