General Description:

Length 264in., width 64in., height 96in., weight 28800lbs; injection capaci type 20oz. Max., 39 cu, in.; injection pressure 20000psi max.; injection rate 23.1 cubic in/sec., 1386 cubic in/min.; injection screw stroke 8.0in.; screw diameter 2.5in.; screw l/d ratio 20/1; screw speed 205 rpm at 500psi; torque at screw 21600 in/lb at 2000psi; hydraulic pump capaci type 130 gpm at 100psi; 1ea electric motor, 60 h.P.; number of heat control zones 4, number of pyrometers 3, number of powerstats 1; rated at 250 tons

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
