**End Application:**

Eaamolding machine, rotational

**Special Features:**

0c/odual mold capacity, variable speed rotation, each boom independentlycontrolled.O/a height, 6' or more depending on clamp cap; o/a width, 2'6"; o/a length, 7'3"; boom length 5'+, clamp cap.2'-48"; arm rotation, 15-1; mold rotation 40-1; 110-220 volts

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23900
