End Application:

Eaamolding machine, rotational

Special Features:

0c/odual mold capacity, variable speed rotation, each boom independentlycontrolled.O/a height, 6' or more depending on clamp cap; o/a width, 2'6"; o/a length, 7'3"; boom length 5'+, clamp cap.2'-48"; arm rotation, 15-1; mold rotation 40-1; 110-220 volts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
