**Load Rating:**

180.0 liters

**Special Features:**

Diameter of item is 20 inches, height is 61 1/2 inches; gas withdrawal rate is 9.2 cu m/h; pressure building setting is 125 psig, economizer setting is 145 psig; pressure relief valve 230 psig, inner container bursting disc 380 psig; gaseous capacity of oxygen is 123 cu. M, for nitrogen is 99 cu. M, for argon is 120 cu.M. This is for use with autoclave oven 4430008703362.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T330-a
