Overall Height:

62.000 inches

Overall Width:

26.000 inches

Nozzle Quantity:

1

Criticality Code Justification:

Feat

Special Features:

Cabinet inside depth 18 in.; cabinet width 24 in.; cabinet height 23 in.; depth 18 in.; 1 front door opening; lid type 24 in. By 13 in.; dust collector height 57 1/2 in.; dust collector diameter 14 in.L weight 210 pounds; 14 gauge welded steel construction; expandex steel screen work floor; heavy duty work gloves; easy change window frame; foot valve blasting control; tungsten carbide nozzle; hopper trap door for easy media change; 19 1/2 in. By 12 in. Window; enclosed dust collector; 115 volt; single phase, 60 hertz

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T276-b
