**Overall Height:**

31.500 inches

**Overall Width:**

24.000 inches

**Product Name:**

Downflow workstation

**Color:**

White

**Material:**

Steel

**Surface Treatment:**

Epoxy coated

**General Description:**

Airflow is 145 cfm, face velocity is greater than 80 fpm, noise levels are 52dba, working height is 19 inches, optional hepa filter; contains polypropylene spillage tray, and centrifugal fan

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
