General Description:

N0.25 hp motor, totally enclosed, 230 vac, 60 hz, 3 phase, 1200 rpm; 4 decks, spout diameter 3.25 in., height 29.75 in., table frame height 3 in., 18 in. Dia, spacing frame heights 3 in.; stainless steel construction

Reference Number Differentiating Characteristics:

As differentiated by electrical rqmts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
